

Built to last

- Powder coated **aluminium frames** in a wide variety of colours offer strength and durability while maintaining a very clean finish.
- **Canopies** are made from the toughest and most advanced outdoor awning fabrics.

Proudly 100% Australian Made

All Materials used in the construction of UltraShade Umbrellas are of the **highest quality** to ensure durability in the **harshest of Australian conditions**.

Guarantee

For your complete 'Peace of Mind' **UltraShade** will repair or replace, to your **satisfaction**, any malfunction of the umbrellas arising from workmanship or materials for a period of;

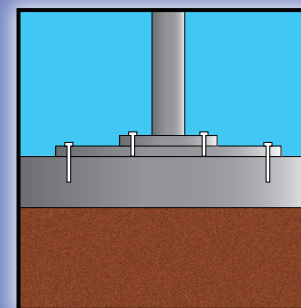

Frame: 5 Years. Canopy: 2 Years.

Heavy Duty Umbrellas come in a range of shapes and sizes.

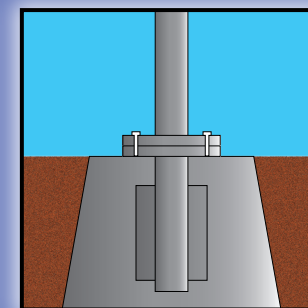

SQUARE	OCTAGONAL
3.0m	3.0m
3.6m	3.5m
4.0m	4.0m
4.5m	4.5m
4.8	5.0m
-	5.5m
-	6.0m

All umbrellas have a choice of either no valance, a straight valance or a scalloped valance.

Bolt Down

Ideal Base for easy fixing to existing concrete slab or decking.

In-ground

Base designed for areas without existing concrete or decking. Perfect for dirt, sand or any other area where a bolt down would not suit.

UltraShade

UltraShade utilise superior design, construction and materials when manufacturing the Heavy Duty Umbrella Range, to produce a product able to withstand the rigours of the most demanding conditions.

This Heavy Duty Umbrella Range is designed to remain open in the majority of weather conditions.

Canopies are made from the most advanced awning fabrics specifically designed for outdoor use. Your choice of either 100% acrylic or PVC Coated Polyester.

Either canopy option provides:

- Complete Sun Protection
- Waterproof fabric
- Mould and Mildew resistant
- Fade resistant
- U.V. Ray protection
- Extensive Range of Colours

Heavy Duty Umbrella Accessories.

- **Umbrella Gutters** – Designed to attach adjoining umbrellas for wet weather protection
- **Screen Printing** – Available for any promotional purposes.
- **Dust Cover** – Extra protection for use when umbrella isn't being used for an extended period of time.
